

ecee Zero Carbon Industry 2022: Short briefing for speakers in panel sessions

Dear speaker,

Thank you again for submitting a good abstract to Zero Carbon Industry 2024 in Antwerp, 30–31 January.

About the panels and your presentation

The ecee Zero Carbon Industry features three parallel panels that run over two days. Each panel has five sessions (two in the first day and three in the second day) with four speakers in each session.

The panels are:

Panel 1: Processes and technologies to meet future challenges

Panel 2: Energy management and corporate culture

Panel 3: Drivers to change

When do I speak?

See the programme at <https://www.ecee.org/industry/programme/>

The sessions

Each session within your panel has a sub-theme. The sessions are 1,5 hours and we will normally have four presentations in each unless the schedule shows differently. **You are given a maximum of 15 minutes, followed by 5 mins Q&A.** After the four presentations there is 10 minutes for some general Q&A.

Please note: It is important to **adhere strictly to the time given for your talk (15 mins)** since this will allow the audience to change panel if they happen to be interested in presentations in two different, parallel sessions.

Your draft presentation should be uploaded by 12 January

- We require no special background image of profile
- Dimensions 16:9 (wide screen)
- File format: powerpoint or pdf
- Please upload your presentation file in the portal on this page:
<https://www.ecee.org/industry/for-authors/> (same portal where you submitted your abstract)

Please consider the following when preparing your slides:

- Refrain from plain commercial talk. You have been selected because you had a good abstract. A well-informed and factual presentation is the best advertisement for you and your organization!
- Limit the amount of slides
- Limit the amount of text on each slide
- We will post slides on line after the event and there is always the option to add comments to your slides for the pdf file we will publish online, if you feel you need to explain something better.

t

Send us a high-resolution photo and a short bio

We would like to introduce all presenters on our web site with a photo and a paragraph bio. Please send this to events@ecccc.org. Please refer to your abstract no.

Hotel, travel and venue.

For **registration** issues, please see <https://www.ecccc.org/industry/registration>

Please see ecccc's web site for information on travel, venue and hotels.
